No leaks, guaranteed.

With Atlantis you can be sure that leaks from your tiled shower are a thing of the past.

Whatever your bathroom environment and flooring structure, our primary focus is to create a superior shower solution that will make your shower space watertight.

At Atlantis we are so confident in the superior performance of our Linea Quattro™, EasyTile™ shower base systems that we will guarantee their durability and leak-free function for a minimum of 25 years* – exceeding the requirements of the New Zealand Building Code, giving you peace of mind that your choice in Atlantis is the right one.

* See detailed Warranty Statement on page 78.

The Atlantis shower solution

A. SOLID BASE

The Atlantis shower base is unlike any other. The one-piece waterproof shower base made from durable materials forms a solid shower floor that will not flex or move. All bases can be installed onto existing floors for low-step entry, or can be recessed into the floor structure to create a level-entry shower with minimal alterations required.

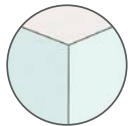

B. 100% WATERPROOF

Made with thermoformed PMMA, backed with a tough fibreglass composite and enclosed with a generously high upstand along each wall-side, the Atlantis shower base is already waterproof and designed for perfect water drainage, leaving no chance for water to escape other than where directed.

C. SUPERIOR GLAZING CHANNELS

Atlantis glazing channels are designed to interlock at the critical corner junctions, providing a complete water seal and giving you extra peace of mind. *** The base channel comes factory fitted onto the base**, and the wall channel is applied direct to the waterproofing before tiling to create a superior result.

D. HIGHEST QUALITY SAFETY SCREENS

Whether you prefer a fully-enclosed shower or just to walk in, Atlantis' nano-coated CristalVision™ screens are made to the highest safety standards and are designed to work perfectly with the rest of the shower structure. No separate measuring or waiting required, or reliance on other suppliers. Optional clip-on door seals further enhance water tightness.

E. EASYNICHE™

Tiled recessed shower shelves can be difficult and time-consuming to construct and waterproof. The Atlantis one-piece EasyNiche™ is made from the same rigid material as the shower base, and can be fitted easily and quickly into the wall for an attractive and fail safe result. Available for tiled or prefinished walls.

F. 25-YEAR WARRANTY

Because our showers have been rigorously designed and tested from start to finish, we are so confident in the performance of our showers that we promise leak-free showering for the life of your shower. While each system component comes with an individual guarantee, all Atlantis tile-over shower bases offer a 25-year durability and leak-free warranty, offering you complete peace of mind.

*Patent No. 510350. Wall glazing channel Design Registration No. 403850.

5 steps to creating your dream shower

1 Work out the measurements and ideal shape to fit your space.

Atlantis has a large range of the most common shapes and sizes, up to 2000mm.

2 Choose from our range of base and drain designs to best suit your environment.

Your options include the sleek styling of a channel drain (Linea Quattro™), a tile-over centre-drain look (EasyTile™), solid white or black stone base (Ebony & Ivory™), premium prefinished white shower system (Black Pearl™) or acrylic shower available in white or graphite (Quub™).

3 Determine what wall finish you prefer.

Ellure™ Tile Look Walls, one piece acrylic wall liner or ceramic tiles over waterproofing. Atlantis shower bases come already 100% waterproof but you will need to consider additional waterproofing for the bathroom walls and floors if tiling.

4 Select your preferred screen option to match from our range of styles.

Choose from hinged, sliding or walk-in (panel) screen options on all showers.

5 Decide on what accessories you would like with your shower.

Accessorise your shower with EasyNiche™ recessed wall shelves (page 60), stunning new Foundry Series Hardware (page 56) for the finest finishes available and/or upgrade your Linea Quattro™ shower base with a factory-fitted Architectural Finish (page 54)

* Now it's time to choose your tapware, tiles and book your shower installation!

We advise using a qualified tradesperson or shower installer. To contact a recommended independent installer near you, visit www.atlantis.co.nz

* Atlantis product warranties apply regardless of who installs the product. See Page 78 for warranty details.

5 steps to installing your tiled shower

Step 1.

Position shower base.

Step 2.

Apply liquid waterproofing.

Step 3.

Fit wall glazing channels,
then lay tiles.

Step 4.

Tiling complete.

Step 5.

Fit frameless screens.

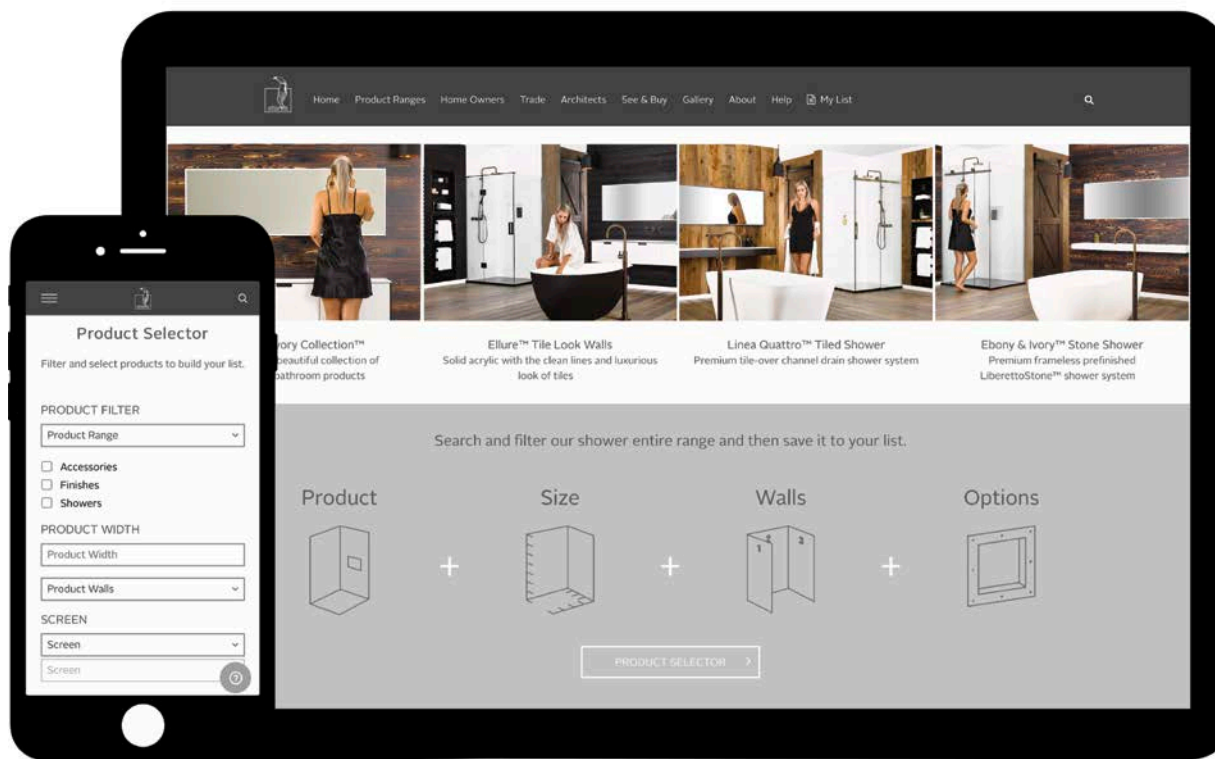

Overview of installation method – the above scenario and times are a guide only. Installation times may vary depending on materials used, and may be carried out on more than one day. Visit www.atlantis.co.nz for a recommended independent installer near you.

Online Product Selector

EBONY & IVORY

perfect harmony

Handcrafted
LiberettoStone™ shower
system available in
stunning Black or White.

Subtle LiberettoStone™ mini-channel drain

EBONY & IVORY

perfect harmony

Designed for dramatic effect.

Ebony & Ivory™ is founded on the undeniable simple beauty of the contrast between black and white. Ebony & Ivory™ encourages freedom of expression for the most creative, luxurious and functional bathrooms.

Ebony & Ivory™ Showers are handmade from elegant and durable LiberettoStone™ – a mix of resin and fine stone properties that is then cast and polished to create a beautiful shower tray. The Ebony & Ivory™ system is designed and constructed to last a lifetime, and to look beautiful while doing so. This system suits tiled ceramic walls or Ellure™ Tile Look Walls.

- Low-step entry for a subtle transition from bathroom to shower.
- Solid, durable and easy-to-clean LiberettoStone™ construction
- Various sizes and shapes to suit any unique bathroom. Custom options available
- Silky smooth black or white stone finish
- Integrated mini-channel drain located at rear of shower in a range of positions
- Available with 2140mm high frameless Sliding, Hinged and Walk-in glass screens including CristalVision nano-coating.

Ebony & Ivory™ Foundry Series Hardware Upgrade

Upgrade your shower hardware with our range of stunning new finishes. Aged & Polished Brass, Brushed Gold, Brushed Nickel, Gunmetal and Matte Black. See Pg. 57 for options.

EBONY & IVORY

perfect harmony

Custom prefinished black or white stone tray package. Frameless glass screens can be supplied on most options.

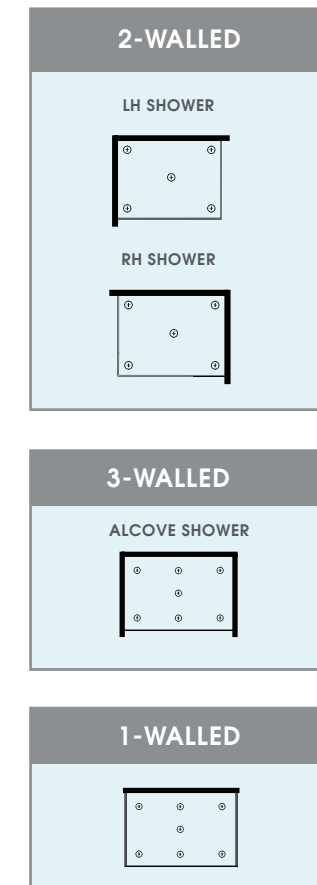

Typically Ebony & Ivory™ showers can be supplied from 1400mm wide to 1000mm deep. Side or back outlet options available.

BLACK PEARL™

Custom prefinished acrylic tray package. Frameless glass screens can be supplied on most options.

Typically Black Pearl™ showers can be supplied from 1800mm wide to 1000mm deep. Five outlet position options available.

Frameless Screens

Explore our beautiful frameless screens and components.

Atlantis' range of glass screens, quality hardware and installation kit all fit together as part of a seamless, integrated system.

We provide a prepackaged system from a single source; this means that you only have to deal with one company for a total solution.

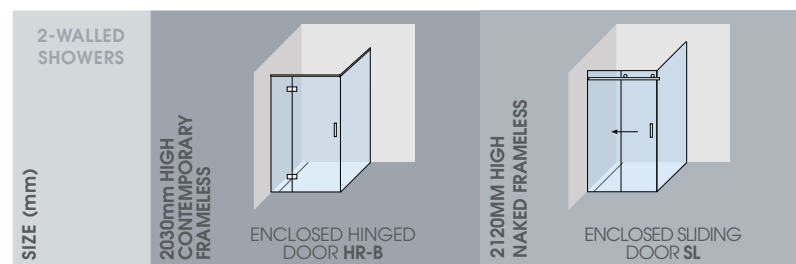

- European Standard toughened safety glass including CristalVision nano-coating.
- Polished chrome top brace and blocks
- Polished chrome over brass self-centering hinges, with soft close mechanism
- Stainless steel handles and sliding rollers
- 3-wall screens can be reversed
- Supplied with vertical and bottom door seals

Frameless Screens Foundry Series Hardware Upgrade

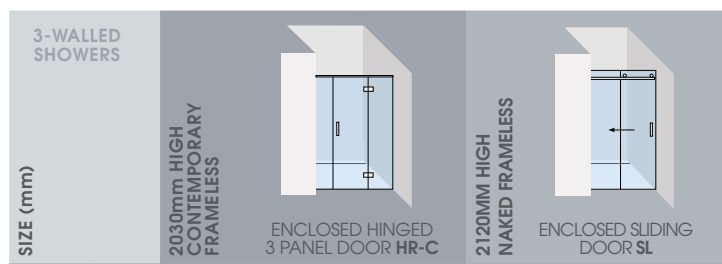

Upgrade your shower hardware with our range of stunning new finishes. Aged & Polished Brass, Brushed Gold, Brushed Nickel, Gunmetal and Matte Black. See Pg. 57 for options.

Finishes

Add the final touches to your shower with Atlantis' finest finishes, including
Ellure™ Tile Look Walls,
Linea Quattro™ Architectural
Finishes & Foundry Series.

Ellure™ Tile Look Walls

Immerse yourself in the beauty of Ellure™.

Create a bathroom with the clean lines and luxury look of tiles, but enjoy the ease of an acrylic wall. The Ellure™ Tile Look Wall features sleek horizontal lines etched into a crisp white acrylic surface, with an optional feature panel in gloss black to enhance tapware. Compatible with all Atlantis shower bases and screens, the 2400mm high Ellure™ walls are scaleable, creating infinite possibilities in sophisticated style.

- Solid acrylic wall surface, 5mm thick
- Elegant 3mm satin waterproofing joiner strips with large waterproofing flanges hidden behind the wall panels
- Upgraded corner extrusion for guaranteed watertightness in high-risk areas
- 2400mm wall height, almost limitless width for all Atlantis shower sizes
- Optional centred 150mm wide vertical feature panel
- Easy installation, with no special building consent required
- Compatible with all Atlantis base and screen options and Retro-fit EasyNiche™
- One site visit for complete installation
- No waterproofing required
- No grout or visible silicon
- Easy to clean surface, simply wipe down.

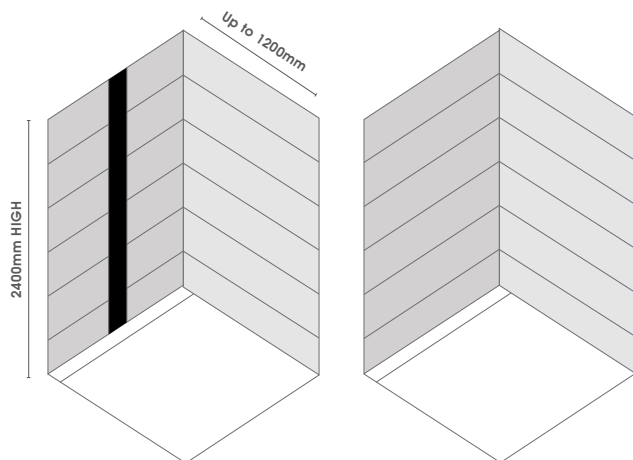

© Copyright and all other intellectual property rights of the Ellure™ tile look wall are claimed and reserved. All wall designs are registered designs. Registered Design No's 416225, 416226, 416521, 416526, 416527, 417653, 417663, 418818, 419198, 419200, 419201, 419199.

Atlantis Ellure™ Simply White Sheets

Ellure™ Simply White Sheets can be supplied to carry on throughout a bathroom beyond your shower, or for above/surrounding a bath. Available at 2400 high x 1200 wide and include discreet internal waterproofing and joiner connections.

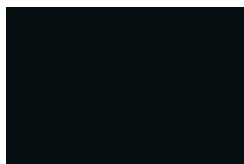

Linea Quattro™ Architectural Finishes

Explore our range of premium surfaces for your stunning Linea Quattro™ channel drain shower base. Available as an optional upgrade with any Linea Quattro™ shower base. Architectural finishes are factory-fitted and an excellent alternative to on-site tiling of the shower floor.

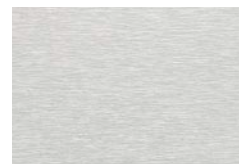

**White
Liberettostone™**

Solid LiberettoStone™ in beautiful white. Simply stunning.

**Black
Liberettostone™**

Achieve a slot drain effect with minimalist, moody and striking jet black.

**Stainless Steel
Polished or Brushed**

This industrial look combines perfectly with polished concrete.

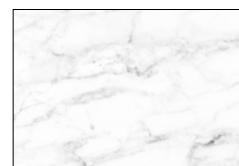

**Terra
Liberettostone™**

Add a natural earthy feel to your bathroom with the Terra architectural finish.

**Nero
Liberettostone™**

As intriguing as the night sky. Combines dark greys and browns with hints of white throughout.

**Alabaster
Porcelain Slab**

Alabaster adds a chic and contemporary touch to any shower.

Note: Architectural finishes are made of engineered LiberettoStone™ and may have natural imperfections, adding uniqueness to your finished product. Linea Quattro shower bases are white, with Architectural Finishes being factory-fitted over this white surface.

Patent No. 631776.

Foundry Series

by *Atlantis*

Foundry Series

A selection of the finest hardware finishes, built on a stunning Matte Black foundation.

Set on Atlantis' market-leading matte black base finish – consisting of glazing channels and top brace – upgrade your shower with the highest quality hinges, handles and rollers in Aged & Polished Brass, Brushed Nickel, Brushed Gold, Gunmetal and Matte Black.

All finishes are PVD other than Living Finishes (Aged & Polished Brass).

EasyNiche™

Enhance your shower with a selection of tile-over, exposed or retro-fitted recessed product shelves and footrests.

Tile-over EasyNiche™

The tile-over EasyNiche™ is made to last for the life of your tile shower. A one-piece standalone unit, EasyNiche™ is 100% waterproof and comes with a 25-year warranty against leaks. Available in 10 convenient shelf sizes and a matching footrest. EasyNiche™ can be installed with any compliant waterproofing (using the simple self-adhesive connection tape supplied – see steps on next page). EasyNiche™ comes in a complete kit with installation materials included, and is designed to be tiled over.

Exposed/Tile-in EasyNiche™

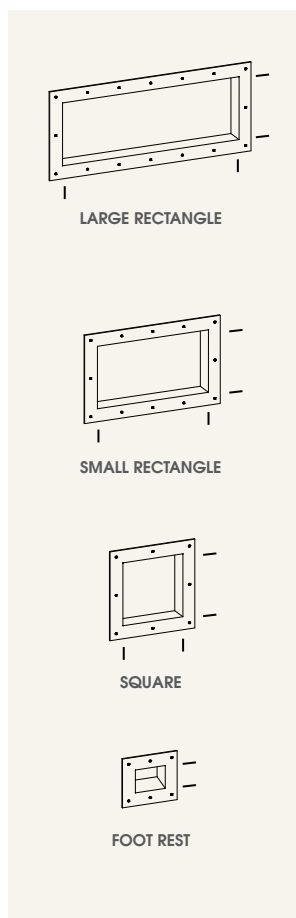

The stylish exposed/tile-in EasyNiche™ is prefinished in white gloss and is recessed into tiled walls before tiling. Simply tile up to the lip. Solid one-piece construction, 100% waterproof and includes a 7-year durability warranty. All installation materials are supplied.

Retrofit EasyNiche™

Create space in your shower with a non-tiled recessed EasyNiche™ available in gloss white or matte black finish. Simply retro-fit into a wall liner or Ellure tile look walls, and enjoy the functional and elegant finish of a Retrofit EasyNiche™. Solid one-piece construction, 100% waterproof and includes a 7-year durability warranty. All installation materials are supplied.

Atlantis product warranties

Atlantis Bathroom Style Ltd (“the company”) warrants that products or product components manufactured and distributed by the company:

- Meet or exceed the standard requirements of the New Zealand Building Code; and
- Will be free from inherent defects in materials and workmanship for the extended warranty period applicable to the Product (see below).

				
25 LEAK FREE DURABILITY WARRANTY	7 YEAR WARRANTY	5 YEAR WARRANTY	2 YEAR WARRANTY	12 MONTH WARRANTY
<ul style="list-style-type: none"> - Linea Quattro™ Base - EasyTile™ Base - Quub™ Base - EasyNiche™ Tile-over - EasyChannel™ Channel Drain 	<ul style="list-style-type: none"> - Black Pearl™ base (non-tiled) - Ebony & Ivory™ base (non-tiled) - EasyNiche™ Exposed - EasyNiche™ Retro-Fit - EasyNiche™ Towel Warmer (excluding electrical components) - Ellure™ Walls & Acrylic Liners - Quub™ Surface Warranty 	<ul style="list-style-type: none"> - Stainless steel/brass hardware - Foundry Series Hardware - Ebony & Ivory Collection™ products (excluding electrical components in Purelite™ Mirror) 	<ul style="list-style-type: none"> - LiberettoStone™ Architectural Finishes - EasyNiche™ Aura Shelf 	<ul style="list-style-type: none"> - Electrical Components

LEAK-FREE WARRANTY

When the shower components are installed in accordance with the manufacturer’s instructions, Atlantis Bathroom Style Ltd warrants that the tile-over shower base will not allow water leakage* into the building structure for a minimum period of 25 years. *Water leakage excludes surface splashes.

The liability of the company is limited to the replacement of products (or system components) for an equivalent product, and the installation thereof provided the product or component is declared defective by an authorised representative of the company.

The company will not be liable for any damages or losses beyond the installation of replacement products as originally supplied. Under no circumstances will the company be liable for consequential or incidental damages related to the use of this product.

DO NOT install a damaged or defective product. Use only the primers, adhesives and silicon sealants supplied with this product, as directed, for the installation of this product.

Apply an approved waterproofing membrane, to the walls. Use only the recommended tile adhesives compatible with selected membrane. Failure to comply may deem this warranty void.

This warranty will not apply where the Products have been improperly installed, have been misused or proof of purchase cannot be provided. The leak-free warranty may not apply where the warranty claim has not been notified to the company within 90 days of the problem first appearing or where any system component is substituted without the company’s express agreement.

INSTALLATION WARRANTY

As offered by your independent contractor/installer. An Atlantis recommended installer should offer a minimum 5-year installation guarantee for workmanship. Please check before proceeding with any part of this installation.

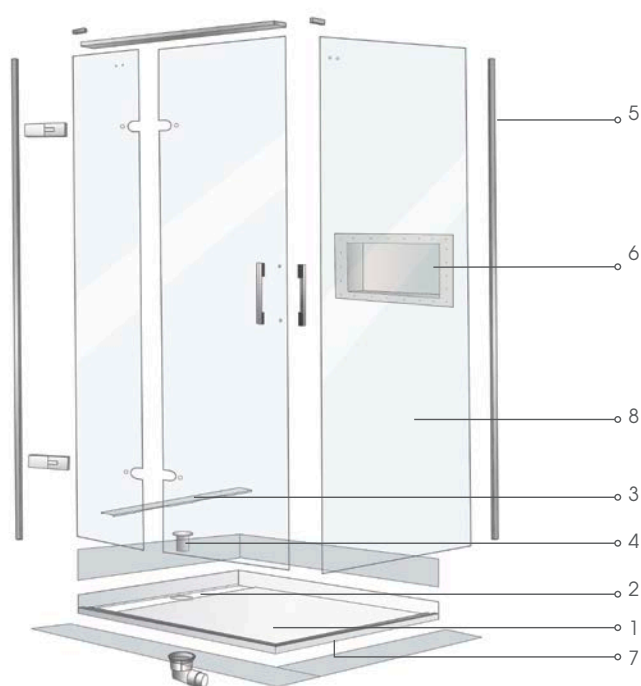

Please note: Atlantis product warranties apply regardless of who installs the product. Installation warranty not offered by Atlantis.

For full details and terms and conditions of warranty please refer to our website – www.atlantis.co.nz/warranty

Note: Atlantis reserves the right to change product specifications without notice to other parties.

Essential structure

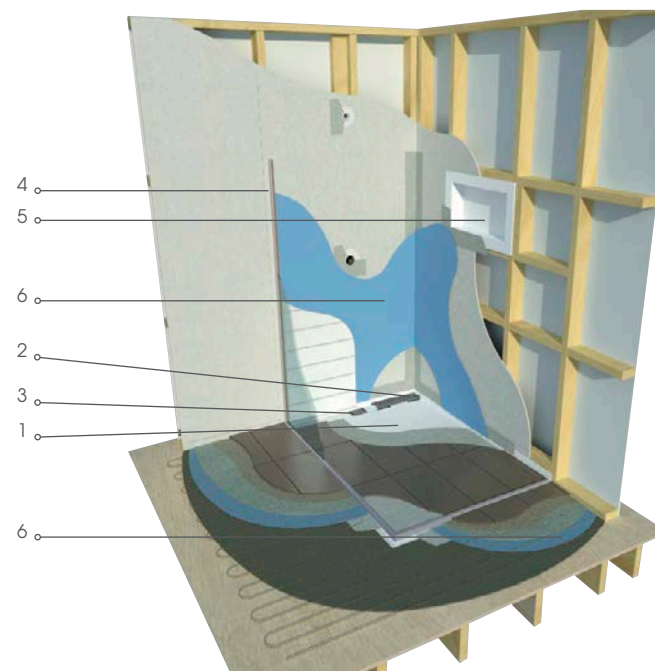

Atlantis shower bases are unlike any other. Already waterproof, the one-piece preformed base is designed for perfect water drainage, leaving no chance for water to escape other than where directed. The Linea Quattro™ shower base, essential structure is shown in the diagram below.

- | | |
|-----------------------------------|--|
| 1. One piece shower base | 5. Wall glazing channels |
| 2. Channel drain | 6. (Optional) EasyNiche™ accessory |
| 3. Stainless steel drain cover | 7. Base glazing channels (factory installed) |
| 4. Waste outlet – 40mm easy clean | 8. Screens. |

Waterproofing

The 100% waterproof Atlantis shower base and connection tapes are compliant with the requirements of the New Zealand Building Code. The shower system is compatible with any compliant waterproofing membrane used on the walls and for the rest of the bathroom floor.

- | | |
|--|--------------------------------------|
| 1. One piece shower base | 4. Glazing channels |
| 2. Channel drain and stainless steel grate | 5. EasyNiche™ accessory |
| 3. Easy clean waste | 6. Liquid waterproofing (by others). |

Linea Quattro™ shower system specifications

SHOWER BASE

- Structurally solid pre-formed base made of tough FRP material, already 100% waterproof.
- May be installed to achieve a stepless shower floor or simply placed on an existing floor for low step entry.
- 100mm high upstand from floor – for secure connection to wall membrane.
- Factory-fitted glass receiver channels on base.
- Guaranteed fall (1:80) to waste.
- Single plane to channel drain surface accepts tiles up to 12mm thick (standard).
- Weight: 16kg/m².

CHANNEL DRAIN & WASTE

- Integral channel drain located at side or back.
- 40/50mm easy clean trap.
- Minimum flow rate 40 litres per minute.
- Stainless steel drain cover.

PRECISION-FIT NAKED FRAMELESS SCREENS

- 8mm toughened safety glass.
- CristalCote nano-coating factory-applied.
- Hinged door option complete with chrome/stainless steel handles, solid brass hinges and fixing materials.

- Sliding door option complete with stainless steel handles, roller assemblies and installation materials.
- Walk-in fixed panel options available in most sizes.
- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.
- High strength chrome top rail brace at 2000mm high above base.
- Screens supplied at 2120mm overall height.

WATERPROOFING

- Optional-Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor. Included with this optional package is a base adhesion layer.
- Compatible with all compliant liquid waterproofing products

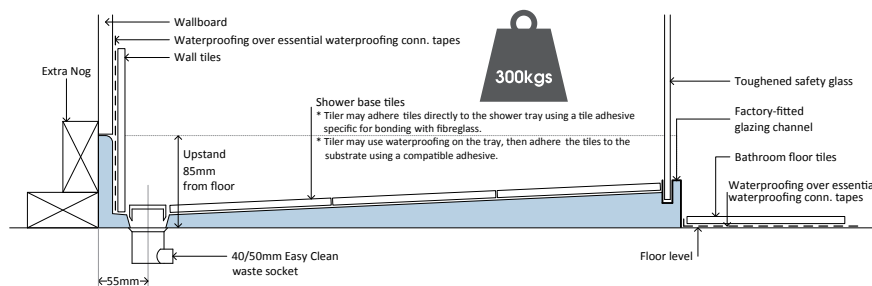

INSTALLATION

Atlantis recommends installation of Linea Quattro™ showers is undertaken by a recommended Atlantis installer. See website or call 0800 428 526 for more details.

- Seepage ports incorporated with drain.
- No floor structural modifications required.
- Shower base comes with factory-fitted glazing channels.
- Weight: 21kg/m².

WATERPROOFING

- Optional-Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor. Included with this optional package is a base adhesion layer.
- Compatible with all compliant liquid waterproofing products.

FRAMELESS SCREENS

- 8mm toughened glass screens at 1960mm high.
- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.

WASTE FITTING

- 40mm easy clean fitting

HARDWARE

- Polished stainless steel door handles supplied with all systems. E handle standard.
- Adjustable bracing system – catering for uneven walls, incorporating up to +/-10mm installation tolerance.
- Chromed, solid brass self-centering hinges.

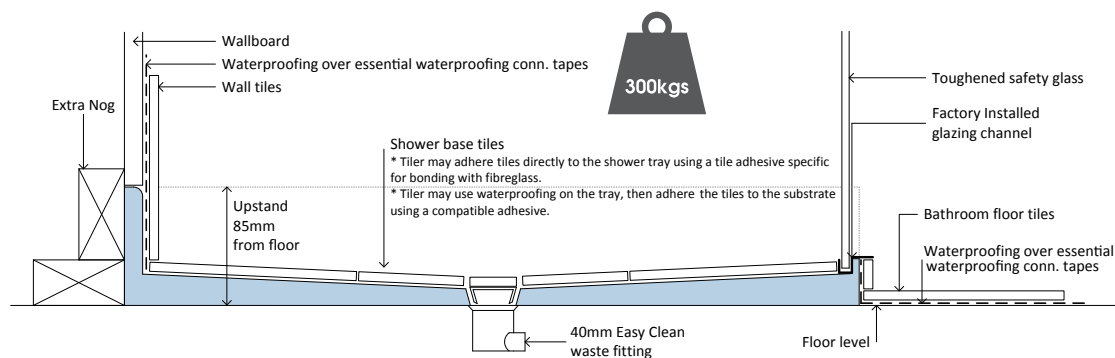

INSTALLATION

- Atlantis recommends installation of EasyTile™ showers are undertaken by a qualified shower installer. See website or call 0800 428 526 for more details.

BASE PROFILE STEP ENTRY ON ANY FLOOR STRUCTURE

Specifications subject to change without notice. Please check www.atlantis.co.nz for latest version.

Black Pearl™ shower system specifications

BLACK PEARL™ SHOWER TRAY

- One-piece tray manufactured from tough FRP with an acrylic surface for durable performance.
- Structurally strong across entire base and outlet – will not deflect or compress.
- Built-in outflow gradient ensures optimum water flow to outlet. Minimum 12mm fall to outlet.
- Wall junction upstand 100mm high from floor.
- Base height 30mm from floor to top of base.
- Waste outlet is located at rear on most sizes, 175mm from rear wall. Some sizes have centre-located waste option.
- Weight: 21kg/m².
- 7 years leak-free and durability warranty.

SHOWER WALL – OPTIONAL

Acrylic wall liner or Ellure™ tile look wall.

WATERPROOFING

- Optional-Essential Connection Waterproofing Tapes available for the secure connection of the wallboard to the base upstand and from the base perimeter to the floor.
- Compatible with all compliant liquid waterproofing products.

FRAMELESS SCREENS

- Satin anodised wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.
- CristalCote nano-coating factory-applied.
- 8mm toughened glass screens at 2060mm high.

WASTE FITTING

- Waste fitting 40mm easy clean waste with side outlet and stainless steel top.
- 5 year manufacturer's warranty.

HARDWARE

- Polished stainless steel door handles supplied with all systems. E handle standard. Upgrades available.
- Adjustable bracing system – catering for uneven walls, incorporating up to 10mm installation tolerance.
- Chromed, solid brass self centering hinges.

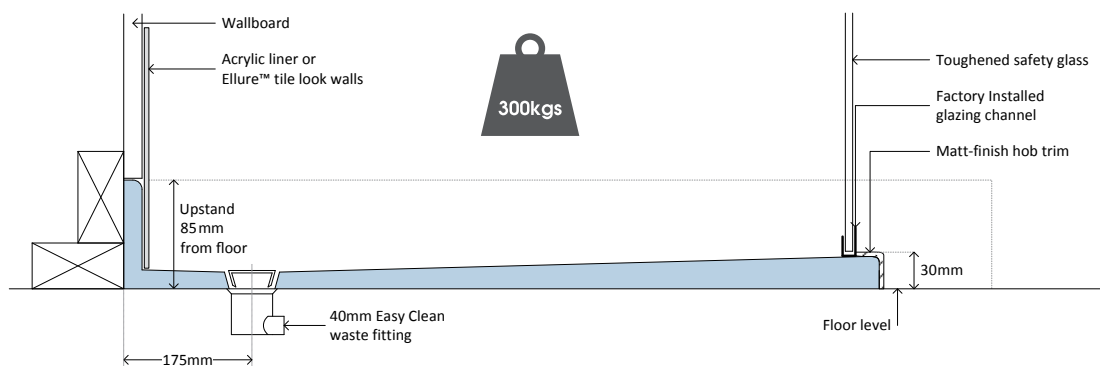

INSTALLATION

Atlantis recommends installation of Black Pearl™ showers is undertaken by a qualified shower installer. See website or call 0800 428 526 for more details.

BASE PROFILE STEP ENTRY ON ANY FLOOR STRUCTURE

Specifications subject to change without notice. Please check www.atlantis.co.nz for latest version.

Note: Alternative manufacturing methods are used on some sizes.

Quub™ shower system specifications

QUUB™ BASE

- One-piece pre-moulded base made of tough FRP composite already 100% waterproof.
- Guaranteed fall to waste 1:80.
- Square acrylic drain outlet located at centre.
- Wall junction upstand 85mm high from floor.
- Seev ports incorporated with drain.
- No floor structural modifications required.
- Shower base comes with factory-fitted glazing channels.
- Weight: 21kg/m².

FRAMELESS SCREENS

- 8mm toughened glass screens at 1960mm high.
- Aluminium wall glass receiver channels incorporate mechanical glass locking system and are machined to lock with base channels.

WASTE FITTING

- 40mm Easy Clean fitting

HARDWARE

- Stainless steel door handles supplied with all systems. E handle standard.
- Adjustable bracing system – catering for uneven walls, incorporating up to +/-10mm installation tolerance.
- Solid brass self-centering hinges.

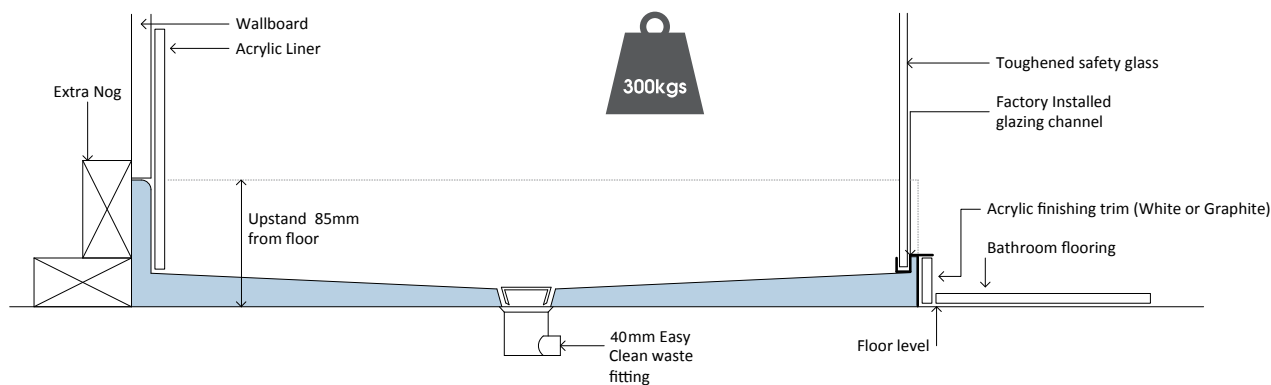

INSTALLATION

- Atlantis recommends installation of Quub™ showers are undertaken by a qualified shower installer. See website or call 0800 428 526 for more details.

About Atlantis

An evolution in bathroom style and functionality.

Atlantis invented the EasyTile™ shower system in 1996, and have continued to develop innovative bathroom solutions since. Winning the Designex ‘Most Innovative Product’ award, Atlantis has secured a position as New Zealand’s most premier bathroom system manufacturer. This is reflected in the high level of design and craftsmanship in every Atlantis product.

We operate from a purpose built facility in the new Lakes area of Tauranga, within the beautiful Bay of Plenty.

To visit an Atlantis Design Centre, see back cover for details.

For more information on all of our products and product ranges, visit our website, www.atlantis.co.nz or call us on 0800 428 526.
